2020-2021

1/14/2021	<u>~GSuite for K-5; 2.0 - Virtual</u> Following great evaluations from Sarah's past workshops, she will continue with presenting all-new ways to use Google with K-5 students. After reviewing Drawings, Slides, and Sheets we'll move into a more in-depth exploration of Google Forms, Classroom, and Sites. Walk away with activities ready to use tomorrow and a knowledge of how to create engaging, student-centered content using Google. Classroom teachers, technology teachers, instructional coaches and more will find this workshop to be useful and worth their time.	\$125
1/15/2021	<u>~Engaging Students in a Hy-Flex Learning Environment (6-12) - Virtual</u> We know that engaging students in their learning process is an absolute must, but how do we do this in a virtual, hybrid, or hy-flex learning environment? Join Carrie Rosebrock and Lena Darnay as they co-create and share this hands-on workshop that tackles the planning needed to create engaging, relevant, curiosity-sparking lessons and modules. This will be a virtual workshop..	\$125
1/20/2021	<u>~Moving Away From the Quit! Stop! Don'ts! - Strategies for Promoting Social Emotional Learning in the Classroom - Virtual</u> This active workshop is designed to prepare educators to implement strategies in their classroom that promote social emotional learning and decrease student challenging behavior. Participants will learn to design and implement multi-tiered class wide, small group, and individualized systems of support to promote social emotional development for learners from Pre-K to 6th grade.	\$125
1/28/2021	<u>~Best Practices for Teaching Early Childhood Mathematics to Preschool and Kindergarten Students - Virtual</u> Ryan Flessner shares best practices to help Early Childhood students learn and retain math concepts. This workshop will increase your instructional practices toolbox for teaching math to students in grades preK-K.	\$125
1/28/2021	<u>~Writing Mini Lessons for High School ELA Teachers - Virtual</u> Not every mini-lesson works at a high school level. High schoolers are different and they deserve new, innovative mini-lessons that push their creativity, complexity, and development as writers. Gain new, high-school appropriate writing mini-lessons that focus on argumentative, analysis and synthesis styles of writing.	\$125
2/2/2021	<u>~K-5 Strategies to Promote Engagement - Virtual</u> How can we achieve everything we want to teach our students in the short 8 hours we get with them? Management. Students deserve the maximum amount of practice, trial and error, and success to become proficient in each content area. We will use the most effective strategies for classroom management & high engagement to maximize instructional time. Creating an environment in your classroom that includes differentiation, authentic conversations, and willingness to grow is essential in the 21st century classroom.	\$125
2/3/2021	<u>~Creating a Blended Learning Classroom Utilizing a Technology Station (6-12)</u> 4-star presenter, Dustin Harrison will help teachers learn how to utilize and manage technology in their classroom! Useful internet tools and websites will be introduced from which teachers can select the ones most suitable to their classroom and curriculum. This workshop will allow teachers to take a gradual approach to technology integration. Time will be dedicated to allow teachers to plan activities and ask questions.	\$125
2/4/2021	<u>~Best Practices for Teaching Fractions, Decimals, and Percents to Students in Grades 2-6 - Virtual</u> Ryan Flessner will show you best practices to help students learn and retain math concepts. This workshop will increase your instructional practices toolbox for teaching math to students in grades 2-6.	\$125
2/10/2021	<u>~Reading Like a Scientist - Virtual</u> Learn strategies for incorporating state literacy standards naturally into the science classroom. These strategies will help students be more successful in your classroom, real world, and on standardized tests.	\$125
2/22/2021	<u>~Creating a Consciously Dynamic K-5 Classroom - Virtual</u> Develop a classroom culture that reinforces generosity and kindness but also creates a classroom of consciously engaged learners. This workshop will help you learn how to utilize morning meetings, close readings, vocabulary instruction, and embed social and emotional learning that will reach every learner. This workshop will be held virtually from 9:00-noon so teachers can attend in their schools and still teach in the afternoon limiting the need for time out of school and a full day substitute!	\$125

2/23/2021	<p><u>~SMEKENS: Teaching Reading Comprehension with Explicit Mini-lesson Instructions (K-12) - Virtual</u> After developing a road map for teaching comprehension, this workshop focuses on the scaffold of comprehension mini-lessons to follow. Learn ways to make your whole-class mini-lessons more explicit and dynamic while receiving numerous mini-lesson concepts per comprehension strategy!</p>	\$125
2/24/2021	<p><u>~Creation Tools for All (K-12) - Virtual</u> Tired of the same slideshow presentation turned in by every student? Shake up the way students demonstrate their learning by giving them choices. You will explore websites and discuss ways to introduce them to students. Tools featured during this session will include Adobe Spark, Canva, Book Creator, Screencastify, Google Earth, and more! Note: Most features covered will be the free versions of these tools.</p>	\$125
3/3/2021	<p><u>~*Emotional Poverty - Virtual</u> Join Kevin Dill, Ed.S. in exploring the root causes of emotional poverty within students. This training will equip educators with tools that will prevent and respond effectively to students' trauma-prompted actions such as anger, anxiety, and aggression. Learn practices that will help you manage the "classroom dance", reduce episodes of emotional explosions, and allow students to disarm, de-stress, and integrate the rational functions of the brain so that emotions and behavior can effectively be managed..</p>	\$125
3/16/2021	<p><u>~SMEKENS – Best-practice Strategies for Teaching Vocabulary (K-12) - Virtual</u> This strategy-rich workshop for teachers in grades K-12 is all about helping students improve comprehension by developing a deep understanding of core academic vocabulary. No more is vocabulary instruction about rote memorization. Now the emphasis is on providing students with multiple exposures to key terms so that they truly "own" content-area words.</p>	\$125
4/14/2021	<p><u>~Creating a Blended Learning Classroom Utilizing a Technology Station (K-5)</u> 4-star presenter, Dustin Harrison will help teachers learn how to utilize and manage technology in their classroom, several useful internet tools and websites will be introduced from which you can select the ones most suitable to your classroom and curriculum. This workshop will allow teachers to take a gradual approach to technology integration. Time will be dedicated to allow teachers to plan activities and ask questions.</p>	\$125
4/15/2021	<p><u>*~Using Identified Picture Books that Develop Social Emotional Learning Competencies by Creating a Culture of Wonder and Curiosity (PreK-2)</u> Teachers will learn how to use a collection of picture books as a vehicle to support Indiana's Social Emotional Learning Competencies. For teachers Pre-K to 2 (Gen Ed, Title III, Title IV, High Ability).</p>	\$125
4/16/2021	<p><u>*~Using Identified Picture Books that Develop Social Emotional Learning Competencies by Creating a Culture of Wonder and Curiosity (Grades 3-5)</u> Teachers will learn how to use a collection of picture books as a vehicle to support Indiana's Social Emotional Learning Competencies.
